PROFILE

Dynamic Front-End Developer with extensive experience in building visually appealing and highly interactive web applications using modern frameworks such as React, Angular, and Vue.js. Committed to leveraging cutting-edge technologies to enhance user experience and optimize application efficiency.

PROFESSIONAL EXPERIENCE

Nutravalia

2024 - 2022

Front-End Developer React.js

- Development of dynamic and responsive user interfaces using React JS, optimizing the user experience with modular and reusable components.
- Integration of RESTful API services, enabling efficient communication between the front-end and back-end services.
- Close collaboration with UX/UI teams to translate wireframes into functional and visually appealing front-end solutions.
- Implementation of Agile methodologies to enhance project delivery, leveraging Scrum for iterative development cycles.

Self employed

2022 - 2020

Full-Stack Developer

- Robust backend architecture: Designed high-performance RESTful APIs capable of handling millions of requests per day without performance degradation.
- Creation of a dynamic and reactive interface: Advanced use of React with centralized state management for optimal performance across mobile and desktop devices.
- Secure cloud deployment: Implemented a Dockerized infrastructure on AWS, ensuring scalability and continuous availability.

EDUCATION

Professional Certification in JavaScript Application Development

2019 - 2020

OpenClassrooms

- Recognized by the French Government (RNCP Level 6 - equivalent to Bachelor's degree).
